

# **MARCH 2, 2024**

# **VEHICLE EXTRICATION**

# **SKILLS**

This class is designed to give emergency services personnel the opportunity to refine and develop extrication skills through scenario based and hands-on learning. Students will work in a dynamic team environment utilizing team building skills and communication to accomplish tasks and practice their skills. Students will experience a blended learning environment with both classroom and hands-on learning. Skills are based upon NFPA 1670 Standard.

**Non-certification  
Course**

**\$250 per student**

**Hands-on skills and  
scenario based**

**Lunch Provided**

**EMERGENCY SERVICES  
EDUCATION CENTER**

700 N. High School Rd.
